LeetCode

EDUCATION

Guru Jambheshwar University of Science and Technology

Bachelor of Technology in Computer Science and Engineering - **CGPA - 7.62**

July 2023 – July 2027

Hisar, Haryana

OP Jindal Modern School

XII (Non Medical) - **Percentage - 90.2%**

April 2009 – March 2023

Hisar, Haryana

COURSEWORK / SKILLS

- Data Structures
- Algorithms
- Computer Networks
- DBMS
- Full Stack Development
- Operating System
- OOPS
- Software Engineering

PROJECTS

Blogiary ↗ | Full Stack MERN Blogging Platform

October 2025 - January 2026

- Built and deployed a full-stack blogging platform using MERN with modular REST APIs.
- Implemented JWT and Google OAuth authentication with protected routes and password reset flow.
- Developed blog CRUD, draft/publish system, likes, saves, and follow/unfollow features.
- Integrated Cloudinary for image uploads with automated media cleanup on deletion.
- Deployed on Vercel and Render with MongoDB Atlas and CI/CD-based updates.
- **Key Technologies/Tools:** React.js, Node.js, Express.js, MongoDB, JWT, Firebase, Cloudinary, Axios

Smart TODO App ↗ | Frontend Application

April 2025 - June 2025

- Developed a responsive web-based To-Do List application using HTML, CSS, and JavaScript, featuring intuitive task management capabilities.
- Implemented task addition, deletion, and completion toggling, allowing users to efficiently manage their daily tasks.
- Designed a user-friendly interface with categorized task views, enabling users to filter tasks by status (All, Pending, Completed).
- **Key Technologies/Tools:** HTML, CSS, JavaScript

INTERNSHIP

Jindal Stainless Limited ↗

June 2022 – July 2022

Intern

Hisar, Haryana

- Developed responsive web components using **Bootstrap**, improving the site's UI adaptability across devices.
- Strengthened leadership and teamwork by collaborating with senior developers.
- Successfully cloned my school's website frontend, reinforcing expertise in web development.

TECHNICAL SKILLS

Languages: C++, C, Python, Java, JavaScript, SQL, R

Databases: MySQL, MongoDB

Web Technologies: HTML, CSS, Bootstrap, TailwindCSS, Redux, React.js, Node.js, Express.js

Developer Tools: VS Code, Git, Github

Operating Systems: Windows, Linux

EXTRACURRICULAR / CERTIFICATIONS

- Solved 260+ DSA problems on Leetcode.
- Participation certificate for Internal Hackathon 2024 and 2025.
- Built hands-on projects using MERN.
